College Academy

Senior Phase Offer
2021 - 22

One step ahead

Hello.

Did you know that at College Academy there are a number of qualifications that you can study while you are at school? Schools and colleges are dedicated to working together to ensure young people are given the opportunity to gain vocational experience and to study a subject that might not be available to you at school.

Planning for the future is essential in a world of new technologies and changing employment opportunities.

College Academy is presenting our most ambitious and varied set of qualifications to date. Our offers are based on the growing skills, requirements and employment for Dumfries & Galloway's regional economy.

By starting your college journey in your senior phase at school you can shorten your education journey and potentially start full-time employment sooner in your chosen career pathway. Speak to your pupil support teacher or SDS Careers Adviser for more information on College Academy.

We look forward to welcoming you to Dumfries and Galloway College.

If you have any further enquiries, contact:
