Start your journey at college and get one step ahead...

Did you know that at College Academy there are a number of qualifications that you can study while you are at school?

Schools and colleges are dedicated to working together to ensure young people are given the opportunity to gain vocational experience and to study a subject that might not be available to you at school.

Planning for the future is essential in a world of new technologies and changing employment opportunities.

Our offers are based on the growing skills, requirements and employment needs for Dumfries and Galloway's regional economy.

By starting your college journey in your senior phase at school you can shorten your education journey and potentially start full-time employment sooner in your chosen career pathway.

Speak to your pupil support teacher or SDS Careers Adviser for more information on College Academy.

If you have any further enquires, you can contact our Widening Access Officer, Michelle Hodgson - hodgsonm@dumgal.ac.uk
